**VILLAGE OF LELAND ITEP**  
WALKABILITY SURVEY

What current pedestrian conditions exist in your downtown? How could local transportation infrastructure be improved?

Scan the QR code and let us know what you think!

**Your voice matters!**

The Village of Leland invites residents, business owners, and community members to take a moment to complete this survey.

The Village of Leland is applying for the Illinois Department of Transportation Enhancement Program Grant. This funding would allow us to replace sidewalks and curbs in our downtown area, update lighting, and make the entire area ADA compliant.

Please take a few minutes to complete this walkability survey. Paper copies are also available at Village Hall.
