370 N MAIN ST. LELAND IL
(OUTSIDE BEHIND LELAND SCHOOL)

At the May Village of Leland Board Meeting, the Village approved the creation of an Economic Development Committee. We are excited to have this group helping move important projects forward and encouraging ideas that will benefit our community.

The committee's chairman is Chris Gibson, with members Roland Hacker, Malayna Kinney, Sherry Zika, and Tom Dean. The group held its first meeting on June 11 and is already working on several initiatives, including support for the ITEP grant project and the development of a Village of Leland Business Directory.

Although these individuals serve as the official committee members, the meetings are open to anyone who would like to attend, share ideas, or get involved. Community participation is encouraged, and we hope to see residents, business owners, and others interested in Leland's future join the conversation.

The committee's next meeting is July 16. All are welcome!

There is an opening available on the Planning and Zoning Board. This is a great opportunity to get involved in the Village and help with the implementation of the Comprehensive Plan while being part of an engaged and forward-thinking group. The board meets once a month. If you are interested, please contact Taunya Eckman.

Thank you to RoadSafe for donating two commemorative street signs honoring Officer Greg Gilbert. We appreciate their generosity and support of our community.

Rural Vitality Summit

On June 16, Mayor Taunya Eckman and Planning & Zoning Chairman Jamie Bonnell attended the DeKalb County Rural Vitality Summit in Malta. The summit brought together community leaders from DeKalb County and communities along the Route 34 corridor, including parts of LaSalle County. Representatives met to share ideas, discuss challenges, and explore ways to work together to bring resources and opportunities to our communities.
